

Superior Taste & Texture PREMIUM ICE CREAM

The “melt in your mouth” texture that you experience when enjoying Hall’s ice cream is because of our...

QUALITY INGREDIENTS: Our ice cream contains 14% butterfat. This creates a deliciously creamy product. We also use freshly frozen fruits, fine purees, real peanut butter, quality nuts, fine chocolates, and real vanilla.

PRODUCTION CONSISTENCY: Our ice cream is made following the same process and using the same recipes since 1947.

STAY-FRESH PACKAGING: The plastic containers that we use to package our ice cream are designed to help our ice cream maintain its freshness and creaminess longer.

When you purchase Hall’s Ice Cream, you have our guarantee that it will be fresh and that it will meet your expectations of quality & flavor. Our products are PA Preferred®, so you can feel good about supporting Pennsylvania farmers. Just look for the logo on our packaging!

Where it all began... THE HISTORY OF HALL'S

Hall's Ice Cream was founded in 1947 when Mr. John Allen Hall made ice cream for his wedding to Sarah (Sally) DeLancey.

Mr. Hall had attended classes in ice cream production at Penn State's University Creamery and was so enthused about the quality of the ice cream produced there, that upon returning home to the family dairy outside Millerstown, Pennsylvania, he developed his own recipe using the same high quality ingredients.

In 1995, their son, Allen R. Hall and daughter, Margaret (Peggy) Hall Raub assumed the operation of Hall's Dairy. In November 2017, Peggy became the sole owner.

Today we still strive to deliver the finest ice cream in Central Pennsylvania. Thank you for your patronage! We look forward to serving you for many years to come.
